7:15 – 7:20 PM	Vote of Thanks	Mr. Scott Leslie, Novartis Medical Representative	Appreciation and closing remarks

PROGRAMME GOAL

To update physicians on the 2025 European Society of Cardiology (ESC) guideline directives for the management of Heart Failure with Reduced Ejection Fraction (HFrEF), promoting the integration of evidence-based strategies into clinical practice.

SPECIFIC OBJECTIVES

- Identify key updates in the ESC 2025 Heart Failure guidelines relevant to the management of HFrEF.
- Explain the evidence base and rationale for updated therapeutic recommendations.
- Apply the new ESC directives in diagnosing, monitoring, and treating patients with HFrEF.
- Strengthen decision-making capacity in optimizing patient outcomes and improving quality of life.
- Empower physicians to align local practice with global evidence-based standards.
